Dear Mr. Haake:

RE: McDonnell Douglas Corporation-Tract IV
Hazelwood, MO.
RCRA ID No. MOD000818971

On November 16-17, 1999, a representative of the U. S. Environmental Protection Agency (EPA) inspected the facility. The inspection was conducted under the authority of Section 3007 of the Resource Conservation and Recovery Act (RCRA). A copy of that inspection report is enclosed.

A Notice of Violation (NOV) was issued to your company during the inspection. I have reviewed your November 29, 1999, response to the NOV and determined that it adequately addresses the violations listed in the NOV. Therefore, no further submittals are required at this time. Please note that EPA reserves its right to pursue appropriate enforcement actions, including penalties, for violations discovered as a result of this inspection.

I encourage you to contact the Missouri Department of Natural Resources (MDNR) at (573) 751-2347 to obtain a copy of their hazardous waste regulations or to ask any questions you may have regarding the regulations. If you have any questions regarding this letter, please feel free to contact Robert Anslyn, working under a grant at EPA, at (913) 551-7935.

Sincerely,

Kendra L. Kennell
